

Substantive Changes to the SWEEP Standard Since the November 2019 draft

Overall, SWEEP has made substantive changes to 10 credits as summarized in the following table:

Credit	Substantive Change
WGP Prerequisite 1: <i>Measuring and Calculating Waste Generation, Recovery and Disposal</i>	Removed Biosolids from the scope of the credit.
WGP Credit 1: <i>MSW Source Reduction Programs</i>	Removed Biosolids from the scope of the credit.
SWC Credit 7: <i>Commitment to Safe Working Conditions</i>	Updated driving hours requirement; added worker protections against being forced to do potentially hazardous work; updated health care and living wage requirements.
SWC Credit 8: <i>OSHA Compliant Practices and Safe Vehicle Processes</i>	Added reference to FMCSA safety requirements for training, drug & alcohol testing and preventative maintenance.
PCR Credit 8: <i>Alternative Fueled Onsite Mobile Equipment</i>	Changed the compliance percentage from 50% to 30%; refined and further defined underlying definitions for "renewable" "alternative" and "low-carbon".
PCR Credit 10: <i>Good Neighbor Practices</i>	Changed the distance around facilities that must be cleaned and added density-based requirements. Added a requirement for facility exhaust that was mistakenly put in another credit.
PCR Credit 11: <i>Post-Collection Recovery Facility Safety Protocols and Training</i>	Added a requirement regarding worker protection vis a vis hazardous work. Updated language around health care and living wage requirements. Added the "accessible training" requirement to Tier 1 achievement. Added an alternative Tier 2 compliance path for training.
PCD Credit 1: <i>Renewable or Alternative Fueled On-Site Mobile Equipment</i>	Changed the compliance percentage from 50% to 30%; refined and further defined underlying definitions for "renewable" "alternative" and "low-carbon".
PCD Credit 6: <i>Post-Collection Disposal Facility Safety Protocols and Training</i>	Added a requirement regarding worker protection vis a vis hazardous work. Updated language around health care and living wage requirements. Added the "accessible training"

	requirement to Tier 1 achievement. Added an alternative Tier 2 compliance path for training.
